

Hap-happy b-birthday to m-me...

Just a little further, we're almost there!

Do I really need to be
blindfolded?

I'd love to be able to see!

You'll be fine! I promise
you're gonna love this!

We're here! Go on in, the
door's right in front of you.

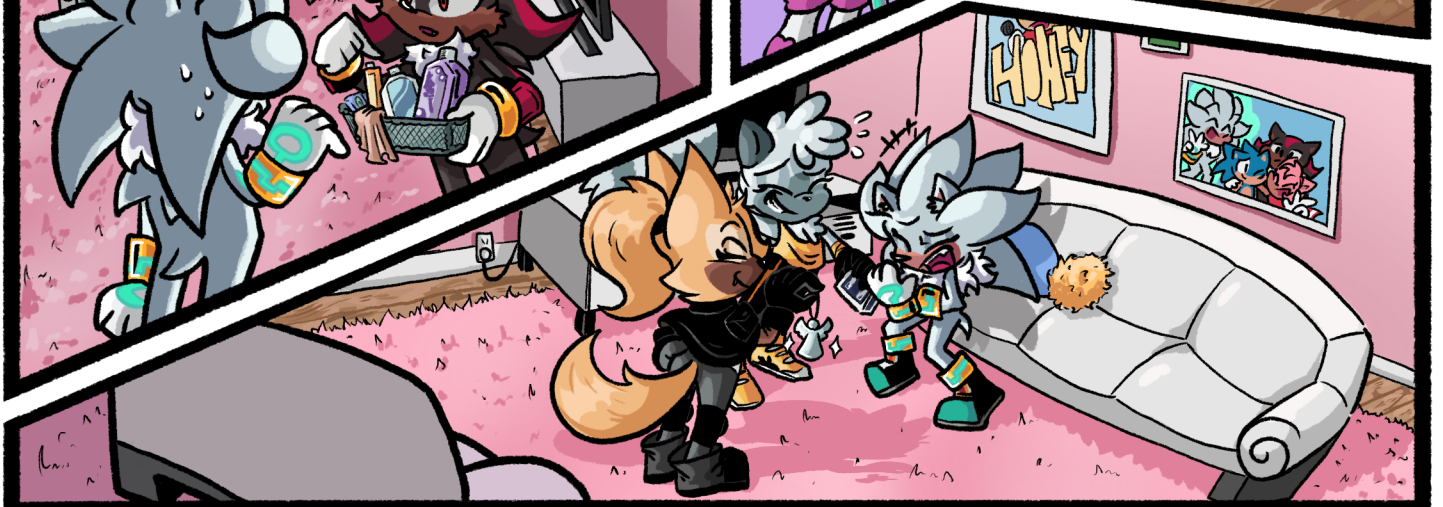

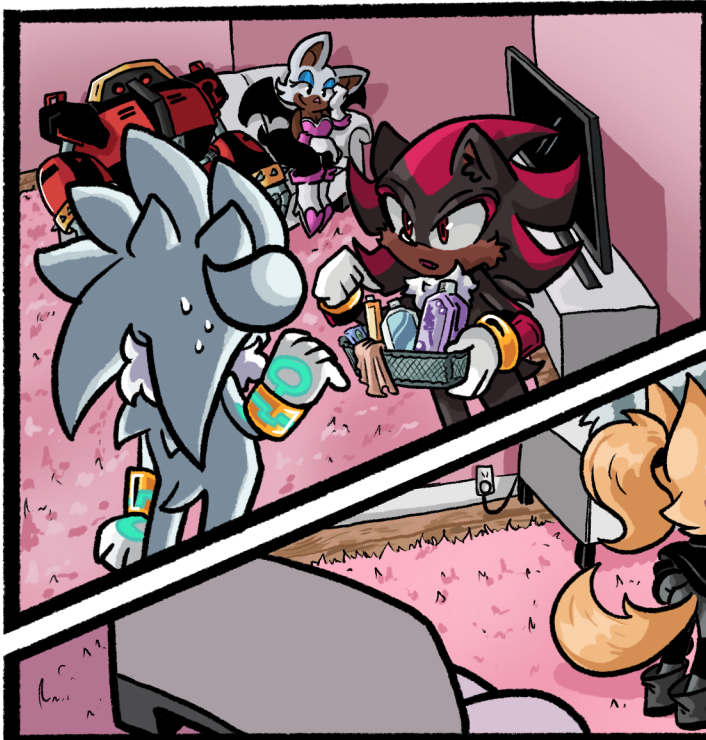

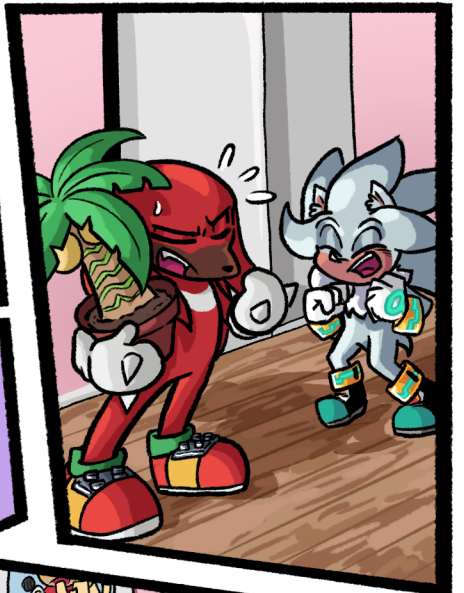

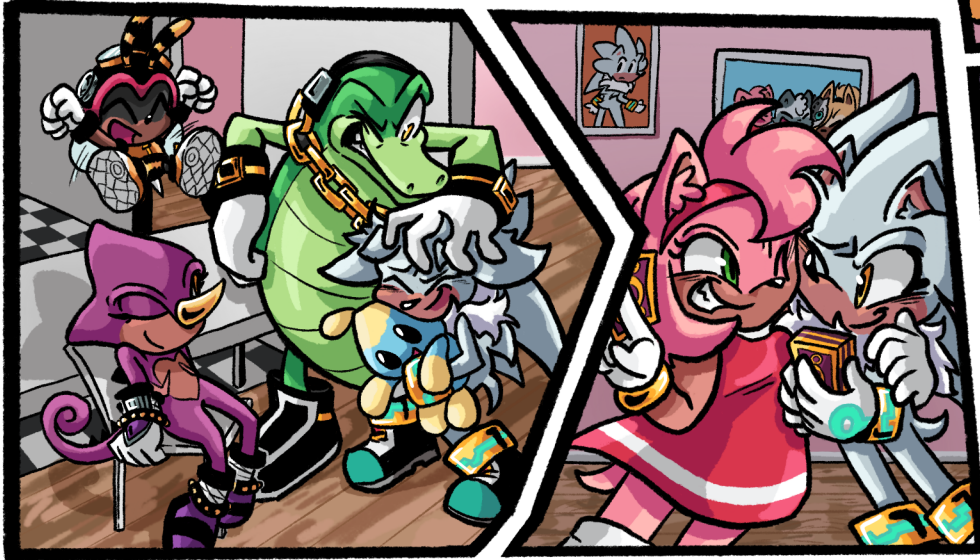

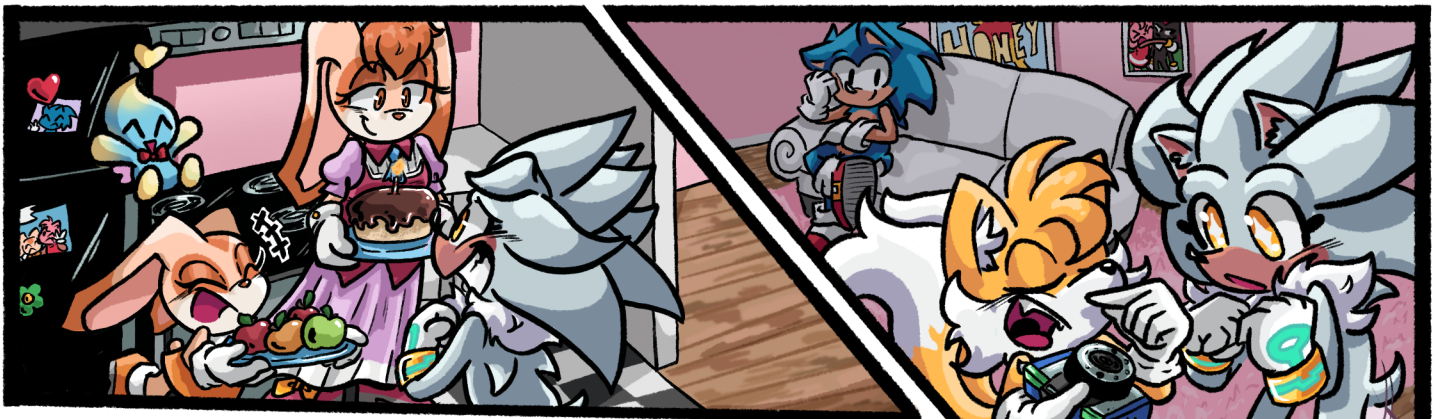

Ok...

SURPRISE!

HAPPY BIRTHDAY!

Here.

It's a cape I used to wear. I used it to hide my flames when I was little and it could douse them as well.

What's this?

While it's not the same, I-I guess I was thinking it could protect you from fire.

Th-Thank you Blaze...

You're welcome.

Wait are you crying!? Oh no, um, perhaps I shouldn't have brought up something so awful, I'm sorry I-

No, no! I love the gift!! Really!! In fact I don't think I've ever felt happier?

I mean, all this?! For ME?! I can't believe - I don't even deserve -

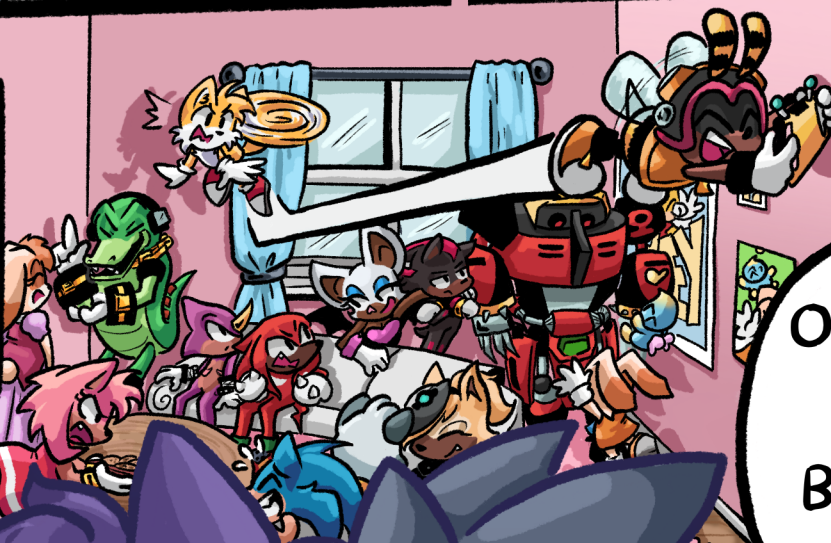

Hey. None of that. You're our friend, Silver, and I'll gladly throw millions of parties for you until I convince you we all love you.

Because we do. And you deserve this and much more.

Thank you so much, Blaze.

Of course. Happy Birthday, Silver.
